

MIFF 2019 PRESENTS "MUAR: FURNITURE CITY OF MALAYSIA" TO THE WORLD Celebrating 25 years of global furniture trade

Published in [eFDMASIA](#)

Muar, recently declared the “Furniture City of Malaysia” by the government, will take centre stage at Southeast Asia’s largest industry show next year when the annual Malaysian International Furniture Fair (MIFF) opens its doors again from March 8-11.

Fresh from its biggest expansion in 2018, MIFF will celebrate its 25th anniversary sharing the limelight with Muar, the driving force that accounts for 70 percent of Malaysian furniture exports to over 160 countries including top destinations, the United States, Singapore, Japan, Australia and Britain.

Features and Highlights

Renowned as a robust global trade show where deals are made, MIFF is one of the world’s largest market place for top quality Malaysian wood and panel furniture, and one of the largest procurement hub for work place solutions via its MIFF Office segment.

“The Muar factor has been an integral part of MIFF from the very start. As we celebrate our 25th year milestone, it is fitting to pay tribute to the vision and hard-earned reputation of Muar furniture makers who are the trailblazers of Malaysia’s rise as a global furniture exporter. This is also an opportune time to reaffirm MIFF’s strategic partnership with the Muar Furniture Association (MFA). The remarkable mix of innovation, high quality craftsmanship and best in design from Muar will all be out there in MIFF 2019 to give visitors yet another exciting buying experience,” said Karen Goi, MIFF General Manager.

Over 200 Muar manufacturers, making up half of Malaysian exhibitors, will converge on the Malaysia International Trade and Exhibition Centre (MITEC) and Putra World Trade Centre (PWTC). A main cluster will be at the dedicated Muar Hall in MITEC organised by MFA while others will be showcasing in curated zones such as the lifestyle setting designRena, MIFF Office and Sofa Hall.

“MIFF is the best platform to view the latest productions from Muar all under one roof. Whatever type of furniture buyers are looking for is produced in Muar. The bigger show means we are returning in 2019 with even more products and latest collections to max out the display space. The MFA-MIFF strategic partnership has worked very well since 2013. The diversity of international buyers brings real business opportunities to existing and new companies, and this invariably boost Malaysia’s furniture exports and expands its global network,” said Keh Wee Kiet, MFA President.

The Muar Furniture Park

Muar was officially accorded “Furniture City of Malaysia” in April 2018. At the same time, a 400-hectare Muar Furniture Park was launched to be ready in two years to accommodate more factories and expand the industry.

To further support the vibrant industry, the government had earlier banned rubberwood exports in July 2017 to help manufacturers access a supply of competitive raw material. Loan incentives were also introduced to encourage greater automation to speed up production, quality and efficiency.
